Dear Colleagues:

The 2005-2006 South Carolina State University Fact Book contains data that were assembled and compiled from various University Reports and Databases. In cases where data were not available via University Reports, and Databases, the South Carolina Commission on Higher Education Statistical Abstracts were used. This Fact Book is designed for use as a resource in decision-making, planning, and for general information.

An electronic version of this Fact Book is also available on the Institutional Research Website. The address is <http://ir.scsu.edu/>. Questions concerning the data, requests for more detailed information, and suggestions for other types of data to be included in future issues of the Fact Book should be directed to the Office of Institutional Research.

Special acknowledgments are given to those colleagues who assisted in providing data.

Office of Institutional Research Staff,
Betty Boatwright, Director
Tamara Hughes, Research and Planning Administrator

Facts & Statistics

South Carolina State University

INSTITUTIONAL MISSION

South Carolina State University, a senior comprehensive-teaching institution, is committed to providing affordable and accessible quality undergraduate and graduate degree programs. This public university with a student population between 4,000 and 5,000 is located in Orangeburg, an area that has a traditional rural, agricultural economy, which has expanded to include a business and industrial focus that is national and international in scope. South Carolina State University's 1890 land-grant legacy of service to the citizenry of the state is ensured through its collaborative efforts with local, rural, and statewide businesses, public education, colleges and industry. This symbiotic relationship provides a catalyst that spurs reciprocal economic and social growth for the university, state, nation and the international community-at-large.

South Carolina State University, founded in 1896 as an historically Black co-educational institution, embraces diversity among its students, faculty, staff and programs. While maintaining its traditional focus, the University is fully committed to providing life-long learning opportunities for the citizens of the state and qualified students of varied talents and backgrounds in a caring and nurturing learning environment.

South Carolina State University, through instruction, research and service activities, prepares highly skilled, competent, economically and socially aware graduates to meet life's challenges and demands that enable them to work and live productively in a dynamic, global society. The University offers sixty baccalaureate programs, in the areas of applied professional sciences, engineering technology, sciences, arts, humanities, education and business. A small number of programs are offered at the master's level in teaching, human services and agribusiness, and the educational specialist and doctorate programs are offered in educational administration. Faculty and students participate in research that stimulates intellectual growth, enhances and facilitates student learning and adds to the scientific knowledge base of the academy. Service activities, which are provided through programs related to agriculture, adult and continuing education, research, cultural arts, small business development and other special interest areas, are designed to enhance the quality of life and promote economic growth. These efforts, supported by various applications of technology, are achieved in a climate of mutual trust and respect through methods of scholarly inquiry and scientific research.

The South Carolina State University Mission Statement was approved by its Board of Trustees on December 7, 1997 and the South Carolina Commission on Higher Education in February 1998.

DEGREES AWARDED

Glossary

Degree - An award conferred by a college, university, or other postsecondary education institution as official recognition for the successful completion of a program of studies.

Diploma - A formal document certifying the successful completion of a prescribed program of studies. Award conferred by a college, university, or other postsecondary education institution as official recognition

Certificate -A formal award certifying the satisfactory completion of a postsecondary education program.

Associate's Degree - An award that normally requires at least 2 but less than 4 years of full-time equivalent college work.

Bachelor's Degree -An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least 4 but NOT more than 5 years of full-time equivalent college-level work. This includes ALL bachelor's degrees conferred in a 5-year COOPERATIVE (WORK-STUDY PLAN) PROGRAM.

Master's Degree -An award that requires the successful completion of a program of study of at least the full- time equivalent of 1 but no more than 2 academic years of work beyond the bachelor's degree.

Doctor's Degree -The highest award a student can earn for graduate study. The doctor's degree classification includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and the Doctor of Philosophy degree in any field such as agronomy, food technology, education, engineering, public administration, ophthalmology, or radiology. For the Doctor of Public Health degree, the prior degree is generally earned in the closely related professional field of medicine or in sanitary engineering.

First-Professional Degree -An award that requires completion of a program that meets all of the following criteria: (1) completion of the academic requirements to begin practice in the profession; (2) at least 2 years of college work prior to entering the program; and (3) a total of at least 6 academic years of college work to complete the degree program, including prior required college work plus the length of the professional program itself. First-professional degrees may be awarded in the following 10 fields: Chiropractic, Dentistry, Medicine, Optometry, Osteopathic Medicine, Pharmacy, Podiatry, Veterinary Medicine, Law and Theology.

CIP (Classification of Instructional Programs) - An NCES (National Center of Education Statistics) publication that provides a numerical classification and standard terminology for secondary and postsecondary instructional programs.
